Communication in History: Technology, Culture, Society by ...

The history of communication technologies have evolved in tandem with shifts in political and economic systems, and by extension, systems of power.

Communication can range from very subtle processes of exchange, to full conversations and mass communication. The history of communication itself can be traced back since the origin of speech circa 500,000 BCE. The use of technology in communication may be considered since the first use of symbols about 30,000 years BCE. Among the symbols used, there

History of communication - Wikipedia

With revised new readings, this anthology continues to be, as one reviewer wrote, "the only book in the sea of History of Mass Communication books that introduces readers to a more expansive, intellectually enlivening study of the relationship between human history and communication history".
