BMW is a company associated  
with motoring firsts. The  
very idea of a sports sedan  
was merely a novelty until  
BMW introduced the 5 series  
in 1972. As BMW's "middle

child," the 5 series has drawn features from the company's smallest and largest models, establishing a reputation for performance and practicality through multiple generations. This book covers the history of the 5 series midsize sedan and the related X5 SUV from September 1972 to the e60's major makeover for 2008 and the development of the e70 X5. Specific mechanical, electronic and cosmetic changes are described, including the time of and reasons for their introduction. Several aspects of BMW's corporate history and technically related models such as the
