The call for environmentally compatible and economical vehicles necessitates immense efforts to develop innovative engine concepts. Technical concepts such as gasoline direct injection helped to save fuel up to 20 % and reduce CO₂-emissions. Descriptions of the cylinder-charge control, fuel injection, ignition and catalytic emission-control systems provides comprehensive overview of today's gasoline engines. This book also describes emission-control systems and explains the diagnostic systems. The publication provides information on engine-management-systems and emission-control regulations.

Early advertisements declared "The design of the Autocar chassis lends itself to almost every style of body." Large, detailed archival photographs with informative captions tell the story from the first Autocar Driver Cab was introduced.

"In Hostile Red" by Joseph A. Altsheler. Published by Good Press. Good Press publishes a wide range of titles that encompasses every genre. From well-known classics & literary fiction and non-fiction to forgotten – or yet undiscovered gems – of world literature, we issue the books that need to be read. Each Good Press edition has been meticulously edited and formatted to boost readability for all e-readers and devices. Our goal is to produce eBooks that are user-friendly and accessible to everyone in a high-quality digital format.

Last summer, Clausen unicycled 1,000 miles from Vermont to Virginia for equal rights, to discover everyday LGBT life, and to share the stories he encountered. From anti-gay preacher Jerry Falwell to the gay-rights directors of HRC, PFLAG, and Soulforce, Clausen's personal journey as a Lutheran pastor forced difficult choices between the exclusionary status quo of his church and the inclusive commitment of Jesus. People shared their lives with the Guinness World Record-holding pastor who, through roadside encounters and overnight stays, has crafted a story of everyday people living through the most polarizing political and religious battles of our times.
