Heartbreak Soup (Luba and Palomar #1) Gilbert Hernandez It took me a little while to get into this, I found it quite confusing at first and I had a hard time to keep track of the characters. The book is a mix of some very short vignettes and some longer stories, taking place in the isolated village of Palomar, somewhere in Central America (I don't think a country is ever mentioned...)

"Human Diastrophism" is the only full graphic novel length "Palomar" story ever created by Gilbert. In it, a serial killer stalks Palomar?but his depredations, hideous as they are, only serve to exacerbate the cracks in the idyllic Central American town as the modern world begins to intrude. "Diastrophism" concludes with the death (the suicide, in fact) of one of Palomar's most beloved characters, and a postscript that provides one of the most hauntingly magical moments of the entire series as a rain of ashes drifts down upon Palomar. Also included are all the post-"Diastrophism" stories, in which Luba's past (as seen in the epic Poison River) comes back to haunt her, and the seeds are sown for the "Palomar diaspora" that ends this dense, enthralling book.

This volume collects the first half of Gilbert Hernandez's acclaimed magical-realist tales of Palomar, the small central American town, beginning with 'Sopa de Gran Peana' and continuing on through modern-day classics."

To a very great extent, Love and Rockets is synonymous with Hoppers' Maggie & Hopey and Palomar's Luba & Carmen & Heraclio & Tonantzin... but there was always more to L and R than that. Amor y Cohetes finally collects together in one convenient package all the non-Maggie and non-Palomar stories by all three Hernandez Brothers from that classic first, 50-issue Love and Rockets series—a dizzying array of styles and approaches that re-confirms these groundbreaking cartoonists' place in the history of comics.

The author of Palomar continues the travails of matriarch Luba, her cousin Ofelia, and their circle of family, friends, and enemies, in an illustrated volume that finds them working to acclimate to life in America, finding inspiration from Luba's young children, and reliving a painful memory about a baby from the past. Original.

This volume collects the first half of Gilbert Hernandez's acclaimed magical-realist tales of "Palomar," the small Central American town, beginning with the groundbreaking "Sopa de Gran Pena" (which introduces most of his main cast of characters as children, plus the imposing newcomer Luba), and continuing on through such modern-day classics as "Ecce Homo," "Act of Contrition," "Duck Feet," and the great love story "For the Love of Carmen."

Hernandez bids a fond farewell to the citizens of Palomar, whose multi-generational adventures he has chronicled since 1983 in the pages of Love and Rockets. This 136 page volume collects all the Palomar and Luba orientated stories from #41 to #50. With new material, fleshing out some of the characters and events in these stories, plus a cover gallery. This edition marks the end of one of the greatest epics in comics history and has been especially published as a collectors edition.

Chance in Hell tells the story about a little orphan girl who lives in the slum of slums. Nobody knows who she is or where she's from, but her fellow shantytown inhabitants collectively look over her. The three-act story follows our heroine as she is adopted by a decent man who raises her well, and she eventually marries a kind, well-to-do man, only to discover that she can't relate to the good life and the comforts it provides. This is the first in a series of standalone stories depicting the fictional filmography of Gilbert's Love and Rockets character, the B-movie actress Fritz.

Comics Dementia collects unexpected treasures, oddities, and rarities from outposts of the Love and Rockets galaxy, by one of Earth's greatest living cartoonists, Gilbert Hernandez. Saints, sinners, and the Candide-like Roy mingle in jungles, in fables, in outer space: in cocktail lounges and living rooms. Ditko meets Melville meets Bob Hope?but the party really starts bumping when the Alfred E. Neuman of the L&R-verse, Errata Stigmata, makes her entrance. Many of these stories haven't been available since their original appearance in comic shops in the 1990s.
