Modern Machine Shop | Metalworking's leading information ... digging into the newest book in my collection: Machine Shop Trade Secrets by James A. Harvey (MSTS from here on). I had heard about this book on another web site and had seen it listed in the Books section at LittleMachineShop.com, and I was happy to have some time to spend reading it for myself. Now, this is not a book that you're likely to

Machine Shop Trade Secrets - mini-lathe.com

To find out more about how to become a machinist, we spoke with Michael Hester, who has been a machinist since 1988 and has worked in a number of different work and machine shop environments. While he initially trained as an apprentice under a German machinist/tool and die maker, his career has taken him in many different directions and he now ...
