Principles of Managerial Finance (10th Edition) | Lawrence ...

Managerial Finance is essentially a combination of economy and accounting. First, finance managers utilized accounting information, cash flows, etc., for planning and distribution of finance resources of the company. Secondly, managers use economic principles as a guide for financial decision making that favor the interest of the organization.

feature of Principles of Managerial Finance —weaves pedagogy into concepts and practice, giving students a roadmap to follow through the text and supplementary tools. MyFinanceLab for Principles of Managerial Finance creates learning experiences that are truly personalized and continuously adaptive. Principles of Managerial Finance, Global Edition,

Once again, Principles of Managerial Finance brings you a user friendly text with strong pedagogical features and an easy-to-understand writing style. The new edition continues to provide a proven learning system that integrates pedagogy with concepts and practical applications, making it the perfect learning tool for today's students. The book concentrates on the concepts, techniques and practices that are needed to make key financial decisions in an increasingly competitive business environment. Not only does this text provide a strong basis for further studies of Managerial Finance, but it also incorporates a personal finance perspective. The effect is that students gain a greater understanding of finance as a whole and how it affects their day-to-day lives; it answers the question "Why does finance matter to ME?" By providing a balance of managerial and personal finance perspectives, clear exposition, comprehensive content, and a broad range of support resources, Principles of Managerial Finance will continue to be the preferred choice for many introductory finance courses.

In Principles of Managerial Finance, Fourteenth Edition, Gitman and Zutter guide you through the complexities of finance with their proven learning system. Teaching and learning aids are woven into concepts and practice, creating a roadmap to follow through the text. Several features—includingWhy This Chapter Matters and Personal Finance Examples—show the value of applying financial principles and techniques to everyday life. MyFinanceLab for Principles of Managerial Finance, Fourteenth Editioncreates learning experiences that are truly personalized and continuously adaptive.MyFinanceLab reacts to how students are actually performing, offering data-driven guidance that helps them better absorb course material and understand difficult concepts—resulting in better performance in the course. A dynamic set of tools for gauging individual and class progress means educators can spend less time grading and more time teaching. This program will provide a better teaching and learning experience. Here's how: Improve Results with MyFinanceLab: MyFinanceLab delivers proven results in helping students succeed and provides engaging experiences that personalize learning. Guide Students with a Proven Learning Goal System: Integrating pedagogy with concepts and practical applications, this system presents the material students need to make effective financial decisions in a competitive business environment. Lawrence J. Gitman appeared as first named author on earlier editions.

Principles of Managerial Finance concentrates on the material students need to know in order to make effective financial decisions in an increasingly competitive business environment. Real examples - Allows students to make the connection between a firm's action and its value by providing real-life examples. Accessible - Offers the opportunity to apply the text in personal situations with content suitable for in and out-of-class learning. Practical approach - Makes learning relevant to students by highlighting the value of applying financial principles and techniques to students' personal lives.

Suitable for introductory finance courses for both MBA students this new edition will continue to satisfy the needs of instructors and students who are looking for a textbook that is user friendly as well firmly grounded in the theory and practice of finance.

Gitman's Brief Third Edition approaches introductory finance with a focused concentration on the fundamental concepts, techniques, and practices of managerial finance. Integrating pedagogy with the concepts and practical applications necessary for a solid understanding of managerial finance, this edition equips instructors and students to concentrate on the concepts, techniques, and practices for keen financial decision making in an increasingly competitive business environment.
