Daisy May Johnson's *How to Be Brave* is a delightfully zany yet heartwarming middle-grade novel about a young girl who bands together with her boarding school friends to find her missing mother. Calla North and her mother Elizabeth live a quiet but happy life together. Elizabeth happens to be the world's leading expert on ducks—but unfortunately, being an expert on ducks doesn't always pay the bills (no pun intended). When Elizabeth is offered a well-paid research trip to the Amazon, it's an opportunity

too good to miss. But while her mother's off exploring, Calla winds up at boarding school. No adventures are likely to find her there—or so she thinks. Then Calla receives the terrible news that her mother's plane has gone missing. Can Calla, her friends, and a motley crew of nuns defeat an evil new headmistress and find Elizabeth before it's too late?

Brands on a Mission explores the importance of creating a performance culture that is built on driving impact through purpose, and the type of talent required to drive these transformational changes within companies — from CEO to brand developers. Using evidence from interviews and stories from over 100 CEOs, thought leaders and brand managers, the book presents an emergent model that organisations can follow to build purpose into their growth strategy — and shows how to bridge the gap between Brand Say and Brand Do. Readers will learn from the real experts in the field: how Paul Polman, former CEO of Unilever, built purpose into the DNA of his company; what keeps Alan Jope (new CEO, Unilever) and Emmanuel Faber (CEO, Danone) awake at night; and how brand developers from Durex, Dove, Discovery and LIXIL have made choices and the reasons behind them. In this book you will learn how a soap brand Lifebuoy taught one billion people about hygiene, how a beer is tackling gender-based violence, and how a toothpaste is tackling school absenteeism amongst many others. Renowned experts like Peter Piot (Director, London School of Health and Tropical Medicine), Michael Porter (Professor, Harvard School of Business), Jane Nelson (Director, Corporate Responsibility Initiative, Harvard Kennedy School) and Susie Orbach (leading feminist and formerly professor, London School of Economics) also share examples, data and their everyday experiences of helping corporates create a culture of purpose. And leading NGOs and UN experts like Lawrence Haddad (Executive Director, GAIN) and Natalia Kanem (Executive Director of UNFPA) will recount how the public and private

sector have worked together to create an accelerated path to reaching the Sustainable Development Goals by 2030. The book provides a clear pathway of how to take brands through the journey of developing impactful social missions and driving business growth, and is an essential guide for both managers and students alike.

"The assessment builds on the work of the Livestock, Environment and Development (LEAD) Initiative"--Pref.

In this volume of 15 articles, contributors from a wide range of disciplines present their analyses of Disney movies and Disney music, which are mainstays of popular culture. The power of the Disney brand has heightened the need for academics to question whether Disney's films and music function as a tool of the Western elite that shapes the views of those less empowered. Given its global reach, how the Walt Disney Company handles the role of race, gender, and sexuality in social structural inequality merits serious reflection according to a number of the articles in the volume. On the other hand, other authors argue that Disney productions can help individuals cope with difficult situations or embrace progressive thinking. The different approaches to the assessment of Disney films as cultural artifacts also vary according to the theoretical perspectives guiding the interpretation of both overt and latent symbolic meaning in the movies. The authors of the 15 articles encourage readers to engage with the material, showcasing a variety of views about the good, the bad, and the best way forward.

Vintage Tom Wolfe, *The Bonfire of the Vanities*, the #1 bestseller that will forever define late-twentieth-century New York style. "No one has portrayed New York Society this accurately and devastatingly since Edith Wharton" (*The National Review*) □A page-turner . . . Brilliant high comedy.□ (*The New Republic*) Sherman McCoy, the central figure of Tom Wolfe's first novel, is a young investment banker with a fourteen-room apartment in Manhattan. When he is involved in a freak accident in the Bronx, prosecutors, politicians, the press, the police, the clergy, and assorted hustlers high and low close in on him, licking their chops and giving us a gargantuan helping of the human comedy, of New York in the 1980s, a city boiling over with racial and ethnic hostilities and burning with the itch to Grab It Now. Wolfe's novel is a big, panoramic story of the metropolis that reinforces the author's reputation as the foremost chronicler of the way we live in America.

After his father's heart attack in 1984, Peter Godwin began a series of pilgrimages back to Zimbabwe, the land of his birth, from Manhattan, where he now lives. On these frequent visits to check on his elderly parents, he bore witness to Zimbabwe's dramatic spiral downwards into the jaws of violent chaos, presided over by an increasingly enraged dictator. And yet long after their comfortable lifestyle

had been shattered and millions were fleeing, his parents refuse to leave, steadfast in their allegiance to the failed state that has been their adopted home for 50 years. Then Godwin discovered a shocking family secret that helped explain their loyalty. Africa was his father's sanctuary from another identity, another world. When a Crocodile Eats the Sun is a stirring memoir of the disintegration of a family set against the collapse of a country. But it is also a vivid portrait of the profound strength of the human spirit and the enduring power of love.
