Krause Publications' Standard Catalog series is available by specific marque, in individual volumes or a set. Each book contains in-depth profiles of specific makes by model, factory photos, and up-to-date vehicle pricing. The 1-to-conditional pricing system assures readers of accurate values, whether a vehicle is a #1 low-mileage, rust-free beauty or a #6 parts-only heap. "Techs & specs", original factory prices, production and serial numbers, and engine/chassis codes are noted by model, thus helping you determine authenticity accuracy. Historical, technical and pricing information are combined from hundreds of sources. James Flamming values each model according to the popular 1-6 grading system invented by Old Cars magazine.

The book discusses the basic principles and equations governing Hydrodynamic, Hydrostatic, Elastohydrodynamic and Gas Lubrication. The author has made an effort to explain the theory and present an exposition of the fundamentals of fluid film bearings, rolling element bearings, friction and wear of metals.

After five centuries of Eurocentrism, many people have little idea that Native American tribes still exist, or which traditions belong to what tribes. However over the past decade there has been a rising movement to accurately describe Native cultures and histories. In particular, people have begun to explore the experience of urban Indians—individuals who live in two worlds struggling to preserve traditional Native values within the context of an ever-changing modern society. In Genocide of the Mind, the experience and determination of these people is recorded in a revealing and compelling collection of essays that brings the Native American experience into the twenty-first century. Contributors include: Paula Gunn Allen, Simon Ortiz, Sherman Alexie, Leslie Marmon Silko, and Maurice Kenny, as well as emerging writers from different Indian nations.

Journeying to the Sothoii Wind Plain as a representative of the War God, Bahzell is selected to become the first hradani windrider in history, an honor that brings as much resentment as respect and a situation that is complicated by the plots of the goddess Shigu, the Queen of Hell, and her supporters and the romantic overtures of Baron Tellian's daughter.
